- Nepal

Yayanti is a professionally managed enterprise started in 2016 by experienced and competent pharma professionals with a view to building an organization to cater to the International & Domestic Pharmaceutical industry.

Our focus is to provide quality formulations / medicines at affordable prices.

Yayanti began its journey from African market and rapidly established its presence across the world in Africa, South East Asia, CIS and Latin American markets.

Yayanti's core competence is to build and promote brands for diverse clients exactly as per clients' requirement. The work starts from scratch by suggesting appropriate brand names, registering trademarks, development of artworks with latest technologies, development of dossiers and samples and ensuring all regulatory compliance for the product registration are rigorously met considering stringent requirements involved. Yayanti works in close partnership with many WHO certified manufacturers for contract manufacturing. We also provide outsourcing end to end activities like Artwork Designing, Trademark Applications, Regulatory & Logistics.

YAYANTI GLOBAL PRESENCE:

Yayanti Exim LLP has very strong and focused footprint across world in selected few countries in -

AREAS OF EXPERTIES

CONTRACT & OUTSOURCING SERVICES

We offer comprehensive outsourcing services to our channel partners in manufacturing, regulatory and logistics.

STRATEGIC PARTNERSHIPS

We have strategic partners in Africa & South East Asia and offices India, Myanmar and Singapore.

In African continent our exports cover Angola, Mozambique and Congo and in South East Asia Myanmar and Cambodia. We will soon expand our foot print to more countries in the said regions.

CONTRACT MANUFACTURING

Yayanti's capable and knowledgeable team manages the entire production schedule seamlessly to ensure timely delivery.

With exclusive agreements with WHO Certified manufacturers for contract manufacturing activities, we offer wide range of products like Tablets, Capsules, Beta lactams, Dry syrups, Powders, Liquid Orals, Liquid injectables and many more.

REGULATORY SERVICES

Our in house regulatory team of experienced & qualified people extends full support in preparation & compilation of dossiers according to Country specific guidelines and follow ups for registration process. We have more than 100 ready dossiers filed in ACTD & CTD format.

ANALYTICAL SUPPORT

We are associated with reputed testing laboratories who carry out analytical tests of finished formulations and food products. These laboratories are certified by local authorities who follow Good Laboratory Practices.

FORMULATION DEVELOPMENT

We provide high quality innovative and new molecules for better health care. We can source as well as undertake new product development according to client requirements.

PACKAGING

We have inhouse team of designers who are engaged in development of new artworks. We also develop and do printing of Cartons, Labels, Pack inserts, Aluminum Foils. We have dedicated aluminum printing foil unit close to Mumbai and are supplying to Multinational as well as Domestic manufacturers. We are currently exporting packing material to African countries like Kenya, Congo & Nigeria.

FINISHED FORMULATION & NUTRACEUTICALS

Yayanti offers a wide range of finished formulations in all therapeutic categories (including nutraceuticals) and dosage forms. We have expert team who sources good products from reputed manufacturers complying to all required regulations and standards.

IMAGING CHEMICALS, HOSPITAL EQUIPMENTS & SURGICALS

We have entire range of oral and injectable imaging chemicals with dossier and Certificate of Pharmaceutical Product (COPP). Hospital Equipments and Surgicals can be arranged on special requirement basis.

COSMECEUTICALS

We supply range of cosmetics with excellent quality and packing.

STRATEGIC PARTNERSHIPS IN MANUFACTURING OF:
